

PMI's Risk Management Professional (PMI-RMP)®

PMI's Risk Management Professional (PMI-RMP)® credential is a solution to project management's increasing growth, complexity and diversity. Globally recognized and demanded, the PMI RMP® fills the need for a specialist role in project risk management knowledge area.

Risk management professionals are project managers who spend the bulk of their work identifying, analyzing, and planning for managing risks. Risks are uncertain events or conditions that can have a positive or negative impact on the project's outcome. That's right—positive or negative. Consider that some risks may save the project time, create a nice by-product, or help the project save on expenses
